IRB #: 834228

Help Advance Research on Music and Hearing

A research team led by Dr. Alexander Chern (Dept. of Otorhinolaryngology) is studying hearing-related factors that affect music enjoyment.

Who can participate?

Anyone! People of all hearing backgrounds are welcome.

What you'll do:

Brief ~15 min. surveys and **optional ~45 min. interviews** about your background and musical experience.

If interested:

Fill out the interest form below! We'll reach out to you.
